

Luxembourg, January 2017

**Information to investors in sub-funds of Danske Invest SICAV – Correction of clerical error in the prospectus of Danske Invest SICAV, dated October 2017**

The prospectus of Danske Invest SICAV, dated October 2017, stated erroneously the following: “Note that the SICAV is charged no annual management and advisory fees by any linked UCITS/other UCIs” (page 58, row 5 of the table “Permitted assets, techniques and transactions”). This information will be taken out in the next version of the prospectus (dated January 2017).

In order to better align the prospectus wording with the articles of incorporation of Danske Invest SICAV, the phrase “Note that no fund is charged annual management or advisory fees by any other fund.” (page 58, row 6 of the table “Permitted assets, techniques and transactions”) will be replaced with the following phrase in the next version of the prospectus (dated January 2017): “Note that no management fee will be duplicated.”
